PREPARING FOR TOMORROW'S *waterways*

IMX2022

registration brochure

May 23-25 • St. Louis, MO • The Dome @ America's Center

This year, more than ever, #IMX2022 will take a deep dive into how the industry is preparing for significant infrastructure updates. Be part of the conversation and make plans to attend this year's Inland Marine Expo.

Register by March 28, 2022 for only \$90. Registration includes:

150+ Exhibitors • Expert-Led Education Sessions • Party @ Ballpark Village
Networking Events • Line Throwing & Competition • Awards Ceremony

IMX is produced by

the **WATERWAYS**
JOURNAL

Register online at inlandmarineexpo.com

Schedule of Events

MONDAY, MAY 23	
7:00 am - 6:00 pm	Registration
8:00 am - 4:30 pm	Exhibitor Move-in
8:00 am - 5:00 pm	Private Meetings
5:00 pm - 6:00 pm	Kick-off Reception
TUESDAY, MAY 24	
7:30 am - 5:30 pm	Registration
9:00 am - 5:00 pm	Exhibit Hours
9:00 am	Coffee Bar
9:30 am	Opening Keynote Session – Advocating for Tomorrow’s Waterways
10:30 am	Education Session – Building and Maintaining Our Marine Highway
11:15 am	Education Session – Improving System Resiliency: Waterway Action Plans, Port Readiness, and Cybersecurity
12:00 pm - 1:00 pm	Networking Lunch
1:30 pm	Education Session – Electric and Hybrid Technology & Applications
2:30 pm	Education Session – Maintaining the Environmental Advantage: Alternative Fuels
4:00 pm - 5:00 pm	Pre-Game Social and Maritime Throwdown Challenges
5:30 pm - 7:00 pm	IMX Party
WEDNESDAY, MAY 25	
8:30 am - 5:00 pm	Registration
9:00 am	Coffee Bar
9:15 am	Education Session – Tomorrow’s Workforce & ESG’s Role
9:30 am - 11:30 am	Maritime Throwdown Finals
10:00 am - 2:00 pm	Exhibit Hours
10:15 am	Education Session – Investing in the Future: System-Wide Port Development & Freight Opportunities
11:15 am	Education Session – Infrastructure Investments Continue to Strengthen Midwest Ports, Boosting Capacity and Increasing Profitability for the Barge Industry
12:00 pm	Industry Proud: IMX Awards & Closing Session
2:00 pm - 5:30 pm	Exhibitor Move-out
THURSDAY, MAY 26	
8:00 am - 12:00 pm	Exhibitor Move-out

*Schedule subject to change | 03-08-2022

Opening Keynote Session

Advocating for Tomorrow's Waterways

Jennifer Carpenter
President & CEO
American Waterways
Operators

Tracy Zea
President & CEO
Waterways
Council, Inc.

With moderator **John Shoulberg**,
Editor, *The Waterways Journal*

Tuesday, May 24 • 9:30 am – 10:15 am

With the passage of the Infrastructure Investment and Jobs Act late last year, some \$2.5 billion of federal funding was designated for new construction and major rehabilitation projects along the inland waterways—navigation projects that are itemized in the U.S. Army Corps of Engineers' Capital Investment Strategy (CIS). Besides that, an additional \$4 billion in the bill was allocated for the Corps' operations and maintenance account.

That historic and highly anticipated infrastructure spending, plus a focus on environmentally conscious transportation and supply chain disruptions, makes this a significant moment that could drive the momentum that will carry domestic marine transportation to new heights for decades to come.

The towboat and barge industry is also facing a major milestone this summer with the conclusion of the four-year phase-in period of Subchapter M. On July 10, 100 percent of the U.S. towboat fleet is expected to be in full compliance and fully certificated according to Subchapter M's towing vessel regulations.

This year's opening keynote, titled "Advocating for Tomorrow's Waterways," will feature **Jennifer Carpenter, President & CEO of American Waterways Operators**, and **Tracy Zea, President & CEO of Waterways Council, Inc. (WCI)**. Carpenter will speak on her association's efforts to promote the economic and security contributions, as well as the safety and environmental advantages of the maritime industry, while Zea will address WCI's efforts to ensure the system is efficient and reliable and receives the necessary funding for much-needed lock modernization.

Industry Proud: IMX Awards & Closing Session

Rev. Tom Rhoades
Maritime & River Chaplain
The Seamen's
Church Institute

Wednesday, May 25 • 12:00 pm – 2:00 pm

Tradition. Professionalism. Heroism. Safety and Efficiency. Essential. Resilient. Proud.

These are all words that describe the maritime industry in the United States and the people, both on vessels and onshore, that make it thrive. In this closing session of IMX 2022, attendees will celebrate **winners of the Maritime Throwdown competition** and hear from **Rev. Tom Rhoades, chaplain with the The Seamen's Church Institute**, as he highlights what it means to be a leader in the industry. Rhoades will then present this year's **40 Under 40 leadership awards**. The session will close with the presentation of the **2022 IMX Achievement Award**.

sponsored by

Education Sessions

TUESDAY, MAY 24

Building and Maintaining Our Marine Highway 10:30 am

Infrastructure on the Marine Highways of the United States includes what can be seen (locks & dams, utility crossings, and the physical contours of the channel) and what is often unseen (air gap sensors, data available to mariners, and electronic aids to navigation). In this session, Sean Duffy, executive director of the Big River Coalition, will offer an update on the deepening of the Mississippi River Ship Channel and the role of “invisible infrastructure” on our nation’s waterways. Paul Rohde, vice president of the Midwest area for Waterways Council, Inc., will review the U.S. Army Corps of Engineers’ Capital Improvement Strategy, the future of lock construction on the rivers and canals of the United States, and the Navigation and Ecosystem Sustainability Program (NESP) for the Upper Mississippi River.

Panelist: Sean Duffy, Executive Director, Big River Coalition

Panelist: Paul Rohde, Vice Pres-

ident/Midwest Area, Waterways Council, Inc.

Improving System Resiliency: Waterway Action Plans, Port Readiness and Cybersecurity 11:15 am

In this session, representatives from the U.S. Army Corps of Engineers, U.S. Coast Guard and Trabus Technologies will discuss and demonstrate a new predictive modeling system that draws on historical and live data, vessel traffic movements, vessel operating reports and geospatial data to inform the development of Waterway Action Plans and, thus, resolve vessel traffic congestion and improve voyage planning along the inland waterways. The Jones Walker’s Maritime Practice Group will also discuss a system resiliency and cybersecurity report that they are developing for Inland Rivers, Ports & Terminals, Inc.

Panelist: Jim Kearns, Special Counsel, Jones Walker’s Maritime Practice Group

Panelist: Brian Tetreault, Navigation Systems Specialist, U.S. Army

Corps of Engineers

Panelist: Dave Lewald, Program Analyst-Navigation Systems, U.S. Coast Guard

Panelist: Joe Celano, Director of Business Development, Trabus Technologies

Electric and Hybrid Technology & Applications 1:30 pm

EVs (electric vehicles) are mainstream on the road. Could EVs (electric vessels) become mainstream midstream? Joshua Sebastian, vice president of The Shearer Group, will lead this panel as it presents a real-world business case analysis for the construction of a series of all-electric towboats that will move containerized cargo between two terminals on a Marine Highway route. Panelists will explore other hypothetical applications, like fleet and harbor work and ferries, where electric propulsion could not only achieve decarbonization but also prove profitable.

Guest Moderator: Joshua Sebastian, P.E., Vice President – Opera-

tions/Senior Naval Architect, The Shearer Group, Inc.

Panelist: Jessica Lewis, Director of Business Development, Industrial Service Solutions

Panelist: Jonathan Braun, CEO, Zeeboat, LLC

Maintaining the Environmental Advantage: Alternative Fuels 2:30 pm

As operators look beyond diesel, what’s clear is that there is no “one size fits all” alternative fuel. This session will look at a wide range of options—including LNG, compressed hydrogen, methanol-hydrogen, ammonia as a marine fuel and biodiesel—and feature a panel of experts discussing the strengths and weaknesses of each.

Panelist: Joshua Sebastian, P.E., Vice President – Operations/Senior Naval Architect, The Shearer Group, Inc.

Panelist: Mike Complita, P.E., PMP, Principal in Charge/Vice President Strategic Expansion, Elliott Bay Design Group

Official Social Event

IMX Party @ Ballpark Village

Tuesday, May 24 • 5:30 pm – 7:00 pm

The official #IMX2022 Party is headed back to Ballpark Village. We’ll take over the second floor in the exclusive and sleek Crown Room this year. Here, you’ll be surrounded by classic beer memorabilia with your favorite Budweiser products on tap.

Catch up with industry friends and make new connections over drinks and appetizers. Then, step outside for a bird’s eye view inside Busch Stadium. It’s game day in St. Louis, so Ballpark Village is the place to be!

Stick around after to watch the Cardinals take on the Toronto Blue Jays at 6:45 pm.

The Crown Room at Ballpark Village, located next door to Busch Stadium.

Network @ IMX2022

KICK-OFF RECEPTION | THE DOME

Monday, May 23 • 5:00 pm – 6:00 pm

Kick-off IMX by reconnecting with great friends.

PRE-GAME SOCIAL | TRADE SHOW FLOOR

Tuesday, May 24 • 4:00 pm – 5:00 pm

Talk business over a beer (or two) before the IMX Party and watch the Maritime Throwdown Challenges unfold.

WEDNESDAY, MAY 25

Tomorrow's Workforce & ESG's Role

9:15 am

Business leaders from just about every industry are saying the same thing: Recruiting and retaining employees today is a real challenge. While the pandemic has made workforce development extremely difficult, the challenges won't end with the pandemic. Maritime companies must adapt to attract and retain the next generation of mariners and shore-side staff. This panel—made up of representatives from American Equity Underwriters, The Seamen's Church Institute, American Waterways Operators and West Kentucky Community & Technical College—will look at how company culture; environmental, social and corporate governance; diversity; total wellness and leadership development within an organization will ultimately lead to a strong,

healthy and committed workforce.

Panelist: Kevin O'Neill, Vice President Regional Workforce Training and Economic Development, Western Kentucky Community & Technical College

Panelist: Mike Breslin, Director of Safety & Sustainability, The American Waterways Operators

Panelist: Joe White, Director, AEU LEAD

Panelist: Rev. David Shirk, Chaplain, The Seamen's Church Institute

Investing In the Future: System-Wide Port Development & Freight Opportunities

10:15 am

Ports are the on and off ramps for the nation's inland waterway system. With cargo volumes and demand on the rise, building capacity throughout the system is critical. In this session, the chief executives from the Port of New

Line Throwing Competition

MTD Finals • Wednesday, May 25 • 9:30 am

We're proud to partner with Maritime Throwdown to co-host the 2022 Maritime Throwdown Finals at IMX2022, located on the trade show floor. The Maritime Throwdown summons mariners from across the industry for a 3-event battle, including the Throwdown course, AIM challenge and the C-Hero Rescue Pole Challenge. These events showcase skills, endurance, excellence and safety.

Orleans and Port of Pittsburgh Commission will discuss what their ports are doing to invest in the future. The panel will also feature a representative from the U.S. Maritime Administration.

Moderator: Mary Lamie, P.E., Executive Vice President - Multi Modal Enterprises, St. Louis Regional Freightway

Panelist: Brandy D. Christian, President and CEO of the Port of New Orleans, CEO of the New Orleans Public Belt Railroad

Panelist: Mary Ann Bucci, Executive Director, Port of Pittsburgh Commission

Infrastructure Investments Continue to Strengthen Midwest Ports, Boosting Capacity and Increasing Profitability for the Barge Industry

11:15 am

Learn about the significant in-

vestments underway at three Midwest ports and new infrastructure funding recently secured that will advance several other projects to strengthen these facilities and reinforce their important role in the global freight network. The discussion will highlight how the improvements will facilitate an increase in barge services and deliver cost efficiencies that drive profitability for the industry.

Moderator: Mary Lamie, P.E., Executive Vice President - Multi Modal Enterprises, St. Louis Regional Freightway

Panelist: Dennis Wilmsmeyer, Executive Director, America's Central Port

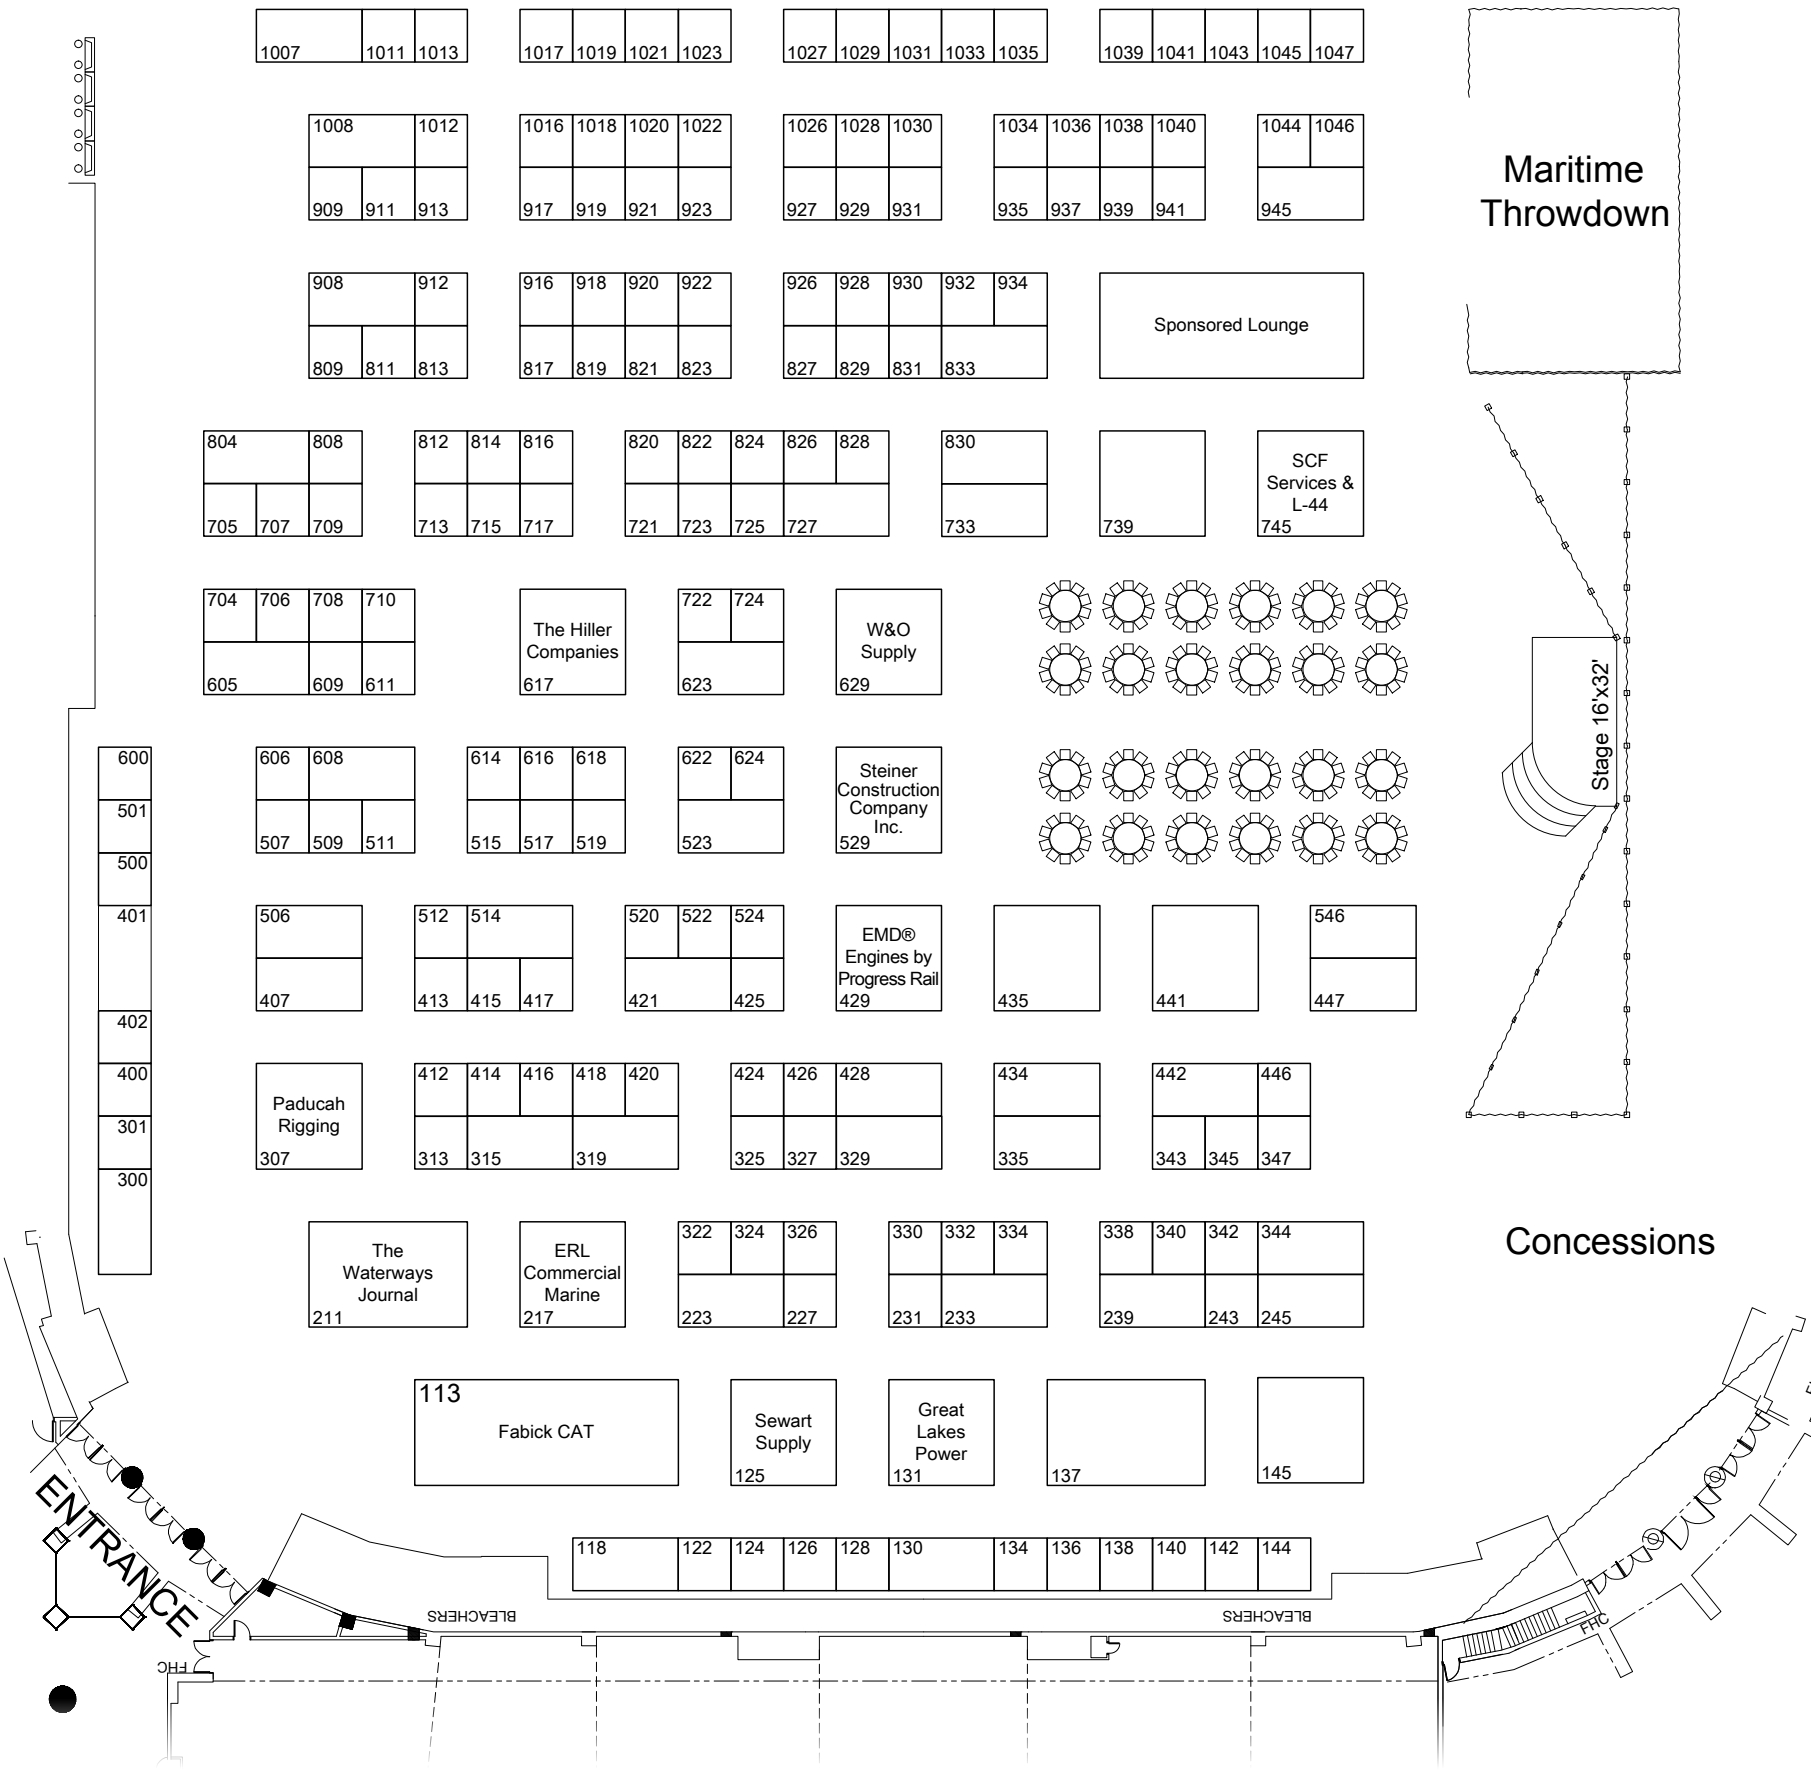

Panelist: Ed Weilbacher, General Manager, Kaskaskia Regional Port District

Panelist: Mark R. Coulter, Vice President, General Counsel, Port KC

Please make your reservation directly with the hotel(s). Call and ask for the Inland Marine Expo room block or reserve online by visiting inlandmarineexpo.com/hotel-travel/

IMX HEADQUARTER HOTEL

incentive A drink voucher will be given to those that book within the IMX Marriott St. Louis Grand room block.

- ① **MARRIOTT ST. LOUIS GRAND** \$194
314-621-9600 | 800 Washington Ave, St. Louis, MO 6310

With a stay at Marriott St. Louis Grand, you'll be centrally located in St. Louis, steps from America's Center Convention Complex and 5 minutes by foot from Dome at America's Center. This 4-star hotel is 0.5 mi (0.9 km) from Busch Stadium and 0.6 mi (1 km) from City Museum.

Please book your IMX hotel room by Monday, May 2.

- ② **EMBASSY SUITES ST. LOUIS - DOWNTOWN**..... \$197
314-269-5900
610 N 7th St, St. Louis, MO 63101

The hotel offers 212 two-room suites with a wet bar, mini-refrigerator and microwave, plus televisions in both the bedroom and living room. Other hotel amenities include a business center, indoor pool and whirlpool, fitness center, complimentary cooked-to-order breakfast and evening reception, and atrium restaurant and lounge.

- ③ **DRURY INN & SUITES ST. LOUIS CONVENTION CENTER**..... \$169
314-231-8100
711 North Broadway, St. Louis, MO 63102

Drury Hotels carefully renovated the Union Market building in 1990, adding two additional stories for guest rooms. Built in 1925, original features were preserved in the hotel lobby and mezzanine meeting level. Only blocks from the Convention Center, the Drury Inn & Suites St. Louis Convention Center is walkable from downtown attractions and Washington Avenue entertainment.

- ④ **MAGNOLIA HOTEL ST. LOUIS** \$169
314-436-9000
421 North 8th St., St. Louis, MO 63101

Nestled in the heart of bustling downtown St. Louis, Magnolia Hotel St. Louis, a Tribute Portfolio Hotel is located within an easy walk to The Dome at America's Center and Busch Stadium. City Museum and Gateway Arch are also moments away. Pets stay free.

- ⑤ **COURTYARD ST. LOUIS DOWNTOWN/ CONVENTION CENTER**..... \$165
314-231-7560
823-827 Washington Ave., St. Louis, MO 63101

Discover the vibrant culture of the city at Courtyard St. Louis Downtown/Convention Center. This hotel provides a convenient location near Busch Stadium, the City Museum, America's Center Convention Complex, the Gateway Arch and Union Station.

- ⑥ **HOLIDAY INN ST. LOUIS - DOWNTOWN CONVENTION CENTER**..... \$156
314-421-4000
811 N 9th St, St. Louis, MO 63101

The Holiday Inn Hotel in Downtown St. Louis is located in the heart of downtown Saint Louis, next to America's Center and Dome, one block from St. Louis' newest expansion area "Washington Avenue." It features unique dining, shopping boutiques and entertainment, and only nine blocks from Busch Stadium, home of the St. Louis Cardinals and Ballpark Village!

St. Louis Is Event Ready

Start Planning Your Trip

IMX is continuing its residency in St. Louis, MO. Nestled along the banks of the mighty Mississippi River, the city's tie to the inland marine industry goes back to 1764.

While you're in town, discover the city's rich history by visiting the newly renovated Gateway Arch Museum and grounds. Don't miss out on local favorites like toasted ravioli and gooey butter cake. Check out explorestlouis.com to learn all about the river city.
